Hero Nevermore

She's not perfect anymore
I didn't notice it before
She's crazy, and she smokes
Without my stepdad, she's broke
But my mom, I do adore

She's here for me when I explore
And she's going to be forevermore
But again, like I spoke
She's not perfect anymore

When I was a kid, she chose what I wore
She's not choosing nevermore
Now the time I invoke
To his passage revoke
Bring her back, I implore
She's not perfect anymore
